HASKAYNE School of Business | UNIVERSITY OF CALGARY

“The participants in this course were afforded a terrific opportunity to focus on, the serious issues of governance that face Canadian companies and their directors. The course content, materials, and lectures provided an excellent backdrop for detailed consideration of the topics covered, with the sessions characterized by thoughtful and energetic interaction among classmates, lecturers, and participating faculty experts. The program has only served to enhance a much deeper and fuller appreciation of the best standards of governance.”
