“The ICD/Rotman Directors Education Program is the ideal fusion of experts from the worlds of governance, business, and academia. Our class was exposed to the spectrum of issues with which boards must grapple: from strategy and M&A, to succession planning, compensation, and ethics. Having learned from each other and from those at the front of the room, our class finished the program firmly in possession of the confidence to set and reinforce the highest standards of governance.”

— **LAURA DUNNE**, LJD Consulting, Toronto DEP 27 Graduate
