

DIRECTORS EDUCATION PROGRAM (DEP)

Congratulations to our 13th Vancouver class on successfully completing the DEP CANADA'S LEADING PROGRAM FOR DIRECTORS

 Institute of Corporate Directors
Institut des administrateurs de sociétés

 Rotman School of Management
UNIVERSITY OF TORONTO

“Effective and efficient governance is central to the long-term success of for-profit and not-for-profit organizations and corporations. The ICD-Rotman Directors Education Program (DEP) provided a stimulating, educational forum where our cohort was able to learn from leading-edge experts in the field. In my experience many Boards suffer from Directors lacking proper orientation and sufficient skills to undertake their governance duties and obligations. As a result their organizations suffers as they lurch from one crisis to another. The broad spectrum of topics covered, including governance, risk management and financial literacy, are central to healthy functioning organizations and corporations. The faculty’s expertise combined with the wealth of experience of fellow learners resulted in a learning environment that was engaging, enriching, and relevant. I highly recommend this program to anyone wishing to sharpen their skills, build their confidence and broaden their contacts.”
